Established in 2009, we **Proton Engineers**, have established ourselves as one of the premier manufacturer and exporter of pharmaceutical machinery.

## About Us

Established in the year **2009**, we "**Proton Engineers**", have established ourselves as one of the leading and trusted manufacturer and exporter of Pharmaceutical Machinery. We have expertise in Tablet Section Machinery. Our core strength is the expert technical team that delivers the best quality machines as per the requirement of clients. Our range of products is Tablet Press Machine, Mini Tablet Press, Rotary Tablet Press, Single Sided Tablet Press Machine, Double Sided Tablet Press Machine, etc.

The founders of our company are mechanical engineers, who have 10 years of experience in the field of manufacturing pharmaceutical machinery. Under their able guidance, we work with the common goal to provide customers with the highest quality products at a competitive price using latest engineering practices and innovative ideas. We respect our customer's views and feedback regarding machines to improve the performance and productivity of our machines. Our company is located near Kathwada industrial area, Ahmadabad (India) having a manufacturing facility in 3000 Sq Ft area. We started the manufacturing of rotary tablet press, other ancillary machines for tablet section and dies & punches in the first phase of operation.

Our well-trained staff and technicians who help us in producing the best quality machines. We regularly arrange training programs to update the knowledge and improve the skills of our personnel. All our personnel works...
